The New Ad Economy

The most effective ads running on TikTok and Instagram right now were not made by agencies. They were not shot by professional camera crews. They were not budgeted at \$10,000 per creative. They were made by individual creators — often alone, often on a phone — who understood one thing the agencies missed: authenticity converts better than production value.

But authenticity alone doesn't scale. You can't post raw footage every day and expect consistent results. What works is authentic-feeling content built on a tested structure — a framework that produces scroll-stopping hooks, story-driven middles, and clear offers, every time.

This system gives you that framework. Combined with AI tools for visual generation, script writing, and content variation, you will be able to produce a week's worth of ad creatives in a single afternoon — at professional quality, for zero agency cost.

The Core Promise

This system produces scroll-stopping ad content using AI — no camera crew, no budget, no agency required. Just your offer, your story, and these tools.

What This System Covers

- ▢ The 5 ad types that dominate TikTok, Instagram, and Facebook in 2025
- ▢ The Hook Formula — how to stop the scroll in the first 3 seconds
- ▢ The Hook · Story · Offer framework — the structure behind every converting ad
- ▢ 30+ copy-and-paste scripts for TikTok, Instagram, and Facebook ads
- ▢ AI visual prompt formulas for generating ad creatives without a camera
- ▢ The full production workflow — from concept to published ad in one session
- ▢ How to integrate ads into the MAAT Never-Sell content rotation

The Formats That Actually Convert

Not all ad formats perform equally. These five have the highest organic-to-paid conversion rates across TikTok, Instagram, and Facebook for creator brands in 2025.

01

Problem-Agitate-Solve (PAS)

TIKTOK · INSTAGRAM REEL

Open with a pain point your audience recognizes. Agitate it — make it feel real and urgent. Then present your product or service as the only logical solution. The most reliable format for cold traffic.

02

Social Proof / Transformation

TIKTOK · FACEBOOK

Show a before-and-after. A result. A testimonial. A screenshot. Let someone else's outcome do the selling. Works best when the transformation is specific and measurable.

03

Education-First (Value Ad)

TIKTOK · INSTAGRAM

Teach something genuinely useful in 30-60 seconds. End with a soft CTA: 'If you want the full system, link in bio.' This is the Never-Sell Doctrine in ad format — and it outperforms hard-sell ads consistently.

04

Pattern Interrupt / Curiosity

TIKTOK

Open with something visually or verbally unexpected. A bold claim. A counterintuitive statement. A visual that doesn't match the text. Forces the viewer to keep watching to resolve the tension.

05

Direct Offer (The Door)

FACEBOOK · INSTAGRAM

State the offer clearly and immediately. Price, value, deadline. No buildup. This format works for warm audiences who already know you and for retargeting campaigns. Cold audiences need context first.

The First 3 Seconds

TikTok's algorithm decides within the first 3 seconds whether to push your content or bury it. Those seconds are determined entirely by your hook. This is the single most important skill in the entire system.

01

THE BOLD CLAIM

Make a statement so strong the viewer must know if it's true.

"I made \$4,000 this month without posting a single video."

02

THE CALLOUT

Name your exact audience. They stop because you're talking to them.

"If you own an apparel brand and haven't done this yet..."

03

THE COUNTERINTUITIVE

Say the opposite of what they expect. Creates instant curiosity gap.

"Stop trying to go viral. Here's what actually builds a following."

04

THE LIST

Numbers signal structure. The viewer knows exactly what they're getting.

"3 things I wish I knew before starting my Shopify store."

05

THE THREAT

Reveal something they're losing or missing right now.

"Every day you don't have this system, someone else is taking your customer."

06

THE CONFESSION

Vulnerability creates trust instantly. Audiences lean in.

"I spent \$2,000 on ads before I understood this one thing."

07

THE TRANSFORMATION

Before □ After in one sentence. Proof of possibility.

*"One year ago I had zero customers.
Here's the system I used."*

08

THE QUESTION

Forces cognitive engagement. The brain must answer.

*"What if you could build your brand
without ever showing your face?"*

Hook · Story · Offer

Every ad that converts — regardless of platform, product, or format — follows this three-part structure. Russell Brunson codified it. The top TikTok creators execute it instinctively. This system teaches you to build it deliberately.

HOOK · 0:00–0:03

[STOP THE SCROLL]

One sentence. Visual or verbal. Creates a pattern interrupt or curiosity gap. The hook's only job is to earn the next 5 seconds. It does not explain, clarify, or sell. It creates a reason to keep watching.

FORMULA

Formula: [BOLD CLAIM / CALLOUT / QUESTION] that makes the viewer think: 'Wait — I need to know how this ends.'

STORY · 0:03–0:25

[BUILD BELIEF AND DESIRE]

Establish the problem, the stakes, and your credibility. Show the before. Hint at the after. Make the viewer feel seen — like you're describing their exact situation. This is where trust is built and desire is created.

FORMULA

Formula: [RELATABLE PROBLEM] + [AGITATION] + [YOUR CREDENTIAL OR PROOF] + [TEASE OF SOLUTION] — all before you name your product.

OFFER · 0:25–0:40

[THE DOOR]

Name the product or service. State the transformation it produces. Give one clear call to action. One. Not three. Not 'follow, like, and comment.' One action that moves them toward the purchase or the lead.

FORMULA

Formula: 'If you want [RESULT], [PRODUCT NAME] gives you [MECHANISM]. Link in bio.' — or — 'Get started free at [URL].'

The Golden Rule

The hook gets the click. The story earns the trust. The offer closes the sale. If your ad isn't converting, diagnose which third is failing — not the whole ad.

10 Complete TikTok Ad Scripts

Each script is 30-45 seconds when delivered at a natural speaking pace. Fill the [BRACKETED VARIABLES] with your specific offer, price, and results. Deliver on camera, as voiceover, or feed to an AI avatar.

SCRIPT 01 — THE WEALTH TRAP

TIKTOK · PAS FORMAT · 30 SEC

- HOOK** Nobody taught us how money actually works. They taught us how to work for money. That's the trap.
- STORY** [PAUSE] I spent [X YEARS] doing exactly what I was told — good job, good habits, nothing to show for it. It wasn't discipline I was missing. It was the framework.
- OFFER** The MAAT Orchard breaks down exactly why wealth doesn't pass down in most families — and what to do about it. The first chapter is free. Link in bio.

SCRIPT 02 — THE CONTENT SECRET

TIKTOK · EDUCATION FORMAT · 35 SEC

- HOOK** Everyone on TikTok is teaching you how to make money on TikTok. Nobody is teaching you how to make content. Those are different skills.
- STORY** I've spent [X MONTHS] studying exactly why certain videos go viral and others don't. It comes down to [3 things]: the hook structure, the pacing, and one thing called the scroll contract.
- OFFER** Inside The MAAT Lab I break down all three — with templates you can use tomorrow. 30 days for \$27. Link in bio.

SCRIPT 03 — THE MOCKUP PROOF

TIKTOK · TRANSFORMATION · 30 SEC

- HOOK** I launched an entire clothing line without a single photoshoot.
- STORY** Every product image, every TikTok thumbnail, every ad — all generated with AI in one afternoon. No photographer. No studio. No samples sitting in a box. Just a prompt formula and the right tools.
- OFFER** The Clothing Mockup System is in The Lab. 40+ prompt templates. I'm showing you exactly how. Link in bio.

SCRIPT 04 — THE CIVIC WEALTH HOOK

TIKTOK · PATTERN INTERRUPT · 30 SEC

- HOOK** The Constitution was written to protect your right to build wealth. Most people have never read it.
- STORY** There are [X] constitutional protections that directly affect your business, your property, and your family's assets — and they only work if you know they exist. I spent [X MONTHS] building a course that teaches exactly this.
- OFFER** The Wealth of Civic Competence. 28 chapters. Chapter 1 is free. Link in bio.

SCRIPT 05 — THE AI INCOME SHIFT

TIKTOK · SOCIAL PROOF · 35 SEC

- HOOK** AI didn't replace my income. It multiplied it. Here's what changed.
- STORY** [PAUSE] Before — I was trading time for money. Every dollar required my presence. After — I built content systems that generate leads while I sleep. The difference wasn't hustle. It was architecture.
- OFFER** Inside The MAAT Lab, I show you the exact architecture. The tools, the prompts, the workflows. Builder tier gets you everything. \$97. Link in bio.

SCRIPT 06 — THE FAMILY BUSINESS FRAME

TIKTOK · PAS FORMAT · 40 SEC

- HOOK** The reason most family businesses fail in the second generation has nothing to do with money.
- STORY** It's governance. Nobody taught the next generation what the founder knew. No structure, no roles, no succession plan. The business dies with the first generation because knowledge was never transferred — only assets.
- OFFER** The Orchard teaches you to build the structure that transfers both. The Family Business Blueprint — free in the Harvest membership. Link in bio.

SCRIPT 07 — THE DOPAMINE TRAP

TIKTOK · EDUCATION + PAS · 35 SEC

- HOOK** Your phone is specifically engineered to make you poor. I can prove it.
- STORY** Every scroll is a dopamine hit. Every dopamine hit resets your reward threshold higher. When your threshold is high enough, the delayed gratification that wealth requires becomes neurologically impossible. That's not weakness. That's design.
- OFFER** The MAAT Orchard breaks down all 5 traps like this — and gives you the ancestral solution for each one. First chapter free. Link in bio.

SCRIPT 08 — THE CREATOR PROOF

TIKTOK · SOCIAL PROOF · 30 SEC

- HOOK** I built an entire podcast brand in a weekend using AI. Character. Scene. Jingle. Scripts. All of it.
- STORY** Knock It Off — custom AI avatar, barbershop background, voice clone, posting system. It's live. It's growing. I documented every step of how I built it inside The Lab.
- OFFER** The complete workflow is in the AI Content Creation section. 30 days for \$27. Link in bio.

SCRIPT 09 — THE SCARCITY TAX

TIKTOK · COUNTERINTUITIVE · 35 SEC

- HOOK** Poor people pay more for everything than rich people. That's not an accident.
- STORY** Higher interest rates on loans. Late fees because you can't pay the full bill. Buying retail because you can't afford bulk. The scarcity tax is real — and it compounds the same way wealth does, just in reverse.
- OFFER** Trap #1 in The MAAT Orchard is the Scarcity Tax — and there's a specific ancestral solution for it. Free to read in Chapter 1. Link in bio.

SCRIPT 10 — THE MAAT LEGACY DOOR

TIKTOK · DIRECT OFFER · 25 SEC

- HOOK** Two paths. One legacy.
- STORY** The Lab — for creators building with AI. The Orchard — for families building generational wealth. Both live at Scrolls of MAAT. Both are open.
- OFFER** Scholar tier starts at \$27. Sovereign tier for those who are ready to build something that outlasts them. The link is in bio. The door is open.

Cross-Platform Ad Scripts

Instagram and Facebook audiences are warmer and have slightly longer attention spans than TikTok cold traffic. These scripts run 45–60 seconds and can be used as static image ad copy, carousel captions, or video scripts.

INSTAGRAM SCRIPT 01 — THE CAROUSEL HOOK INSTAGRAM CAROUSEL AD

- SLIDE 1** You don't have a money problem. You have a system problem.
- SLIDE 2** The MAAT Framework identifies 5 specific traps that prevent generational wealth — and the ancestral solution to each one.
- SLIDE 3** The Scarcity Tax. The Dopamine Loop. The Linear Income Ceiling. Social Gravity. The Compound Void.
- SLIDE 4** Which trap is holding your family back? Find out free in Chapter 1.
- CTA** Link in bio □ scrollsofmaat.com/orchard

FACEBOOK AD SCRIPT 01 — THE LONG FORM HOOK FACEBOOK VIDEO AD · 60 SEC

- HOOK** What if the reason your family isn't building wealth has nothing to do with income — and everything to do with what you were never taught?
- STORY** Most families in this country earn more than enough to build generational wealth. The gap isn't earning — it's architecture. Nobody taught us how to structure a family enterprise, protect assets legally, or transfer knowledge across generations. The Orchard was built to close that gap.
- PROOF** 28 chapters. Case Alignment Labs. Interactive assessments. The Wealth of Civic Competence course. A membership community. All inside one platform.
- OFFER** The Harvest membership starts at \$27/month. Your first chapter of the Civic Wealth course is free. Start building what your grandchildren will thank you for. Link below.

INSTAGRAM REEL SCRIPT — THE LAB PROOF

INSTAGRAM REEL · 30 SEC

HOOK	This entire brand was built with AI. No designer. No developer. No production budget.
STORY	Logo. Website. Music. Mockups. Ad creatives. Podcast. All of it — AI-generated, professionally finished, live and running. The MAAT Lab teaches you the exact workflow.
OFFER	Builder tier. \$97/month. Everything unlocked. Link in bio.

Ad Creatives

Without a Camera

These prompts generate the visual assets for your ads — scroll-stopping still images, lifestyle shots, and concept visuals. Use in Midjourney, Adobe Firefly (commercial safe), or DALL-E 3.

TIKTOK THUMBNAIL — WEALTH TRAP HOOK

Close-up of a Black man's hands holding a single gold coin against a dark background, one hand open palm-up offering the coin, dramatic chiaroscuro lighting, cinematic editorial photography, MAAT gold and black color palette, text overlay space at top and bottom, 9:16 vertical format, photorealistic

TIKTOK THUMBNAIL — CONTENT CREATOR

Young Black creator at a minimal desk setup, laptop open showing TikTok analytics, ring light glow, dark room background, confident expression looking directly at camera, MAAT gold accent lighting, 9:16 vertical format, photorealistic editorial quality

INSTAGRAM FEED — PRODUCT AD

Flat lay of a black notebook with gold MAAT geometric logo embossed on cover, arranged with a single gold pen and a small plant on a dark slate surface, editorial product photography, overhead shot, 1:1 square format, luxury brand aesthetic

FACEBOOK AD — FAMILY LEGACY

Multigenerational Black family — grandparent, parent, child — seated together at a table with documents and a laptop, warm afternoon light through window, planning and legacy theme, candid documentary style, photorealistic, aspirational

AD CREATIVE — THE TRAP VISUAL

Top-down view of a maze made of dollar bills, a single gold path leads out of the maze toward light, dark background, high-contrast lighting, conceptual editorial photography, MAAT gold and dark color palette, metaphor for financial traps and solutions

AD CREATIVE — THE DOOR VISUAL

A tall ancient stone doorway or archway, golden light pouring through the open door from the other side, silhouette of a person stepping through toward the light, cinematic composition, MAAT legacy and ancestral aesthetic, photorealistic, epic scale

Concept to Published Ad *in One Afternoon*

01

CHOOSE YOUR OFFER AND AD TYPE

STRATEGY · 15 MIN

Pick one offer (Lab tier, Orchard tier, or standalone product). Choose one of the 5 ad types from Section 01. Write your offer statement: [WHO] gets [RESULT] through [MECHANISM] for [PRICE].

02

SELECT AND CUSTOMIZE YOUR SCRIPT

COPY · 20 MIN

Pull the closest matching script from Sections 04 or 05. Fill in all [BRACKETED VARIABLES] with your specific numbers, results, and product names. Read it aloud. Time it. Adjust pacing so it lands at 25-45 seconds.

03

GENERATE YOUR VISUAL ASSET

AI PRODUCTION · 30 MIN

Run the appropriate prompt from Section 06 in Midjourney or Adobe Firefly. Generate 4 variations. Select the strongest 2. Run through Remove.bg if needed. Resize to platform spec (Section 08).

04

RECORD OR AI-VOICE YOUR SCRIPT

PRODUCTION · 20 MIN

Option A: Record yourself delivering the script on your phone — ring light, clean background. Option B: Paste script into ElevenLabs or HeyGen. Generate AI voiceover or avatar video. Option C: Text-only carousel using your visual assets plus script lines as slide copy.

05

EDIT AND CAPTION

FINISHING · 15 MIN

For video: trim to remove pauses, add captions (CapCut auto-caption), add your hook text as on-screen text in the first 3 seconds. For static: add hook text overlay in Canva. Use brand fonts and gold accent colors.

06

PUBLISH AND TEST

DISTRIBUTION · 10 MIN

Post natively on TikTok first (highest organic reach). Cross-post to Instagram Reels and Facebook. For paid: set a \$5-10/day test budget on the highest-performing organic post before scaling spend. Run for 72 hours minimum before judging performance.

One Session = One Week of Ads

Following this workflow, a single 2-hour session produces: 2 TikTok scripts + 1 Instagram script + 3 visual assets + 1 carousel. That's 7 ad variations ready for testing — in one afternoon.

Every Platform, Every Spec

PLATFORM	VIDEO SPEC	IMAGE SPEC	CAPTION LENGTH	CTA PLACEMENT
TikTok (Organic)	9:16 · 1080×1920	9:16 · 1080×1920	150 chars max	Verbal + 'Link in bio'
TikTok (Paid)	9:16 · 1080×1920	9:16 · 1080×1920	100 chars max	CTA button in ad unit
Instagram Reel	9:16 · 1080×1920	9:16 · 1080×1920	2,200 chars	Last line + Link in bio
Instagram Feed	1:1 · 1080×1080	1:1 · 1080×1080	2,200 chars	Last line + Link in bio
Instagram Story	9:16 · 1080×1920	9:16 · 1080×1920	125 chars	Swipe up / Link sticker
Facebook Feed	4:5 · 1080×1350	1:1 · 1080×1080	125 chars primary	CTA button
Facebook Story	9:16 · 1080×1920	9:16 · 1080×1920	125 chars	CTA button

COPY LENGTH BEST PRACTICES

FORMAT	RECOMMENDED LENGTH	RATIONALE
TikTok Hook	1 sentence / 8-12 words	Algorithm scores first-frame retention
TikTok Caption	1-3 lines + hashtags	Most viewers don't expand; front-load value
IG Caption	3-5 lines before fold	First 125 chars determine open rate
FB Ad Primary	1-3 sentences	Mobile-first; truncates after 125 chars
Script (total)	75-120 words	30-45 sec at 150 wpm speaking pace

The Never-Sell

Doctrine in Practice

The MAAT Never-Sell Doctrine is not anti-ad. It is anti-cold-pitch. The distinction matters: ads placed inside a warmed rotation perform dramatically better than ads fired at cold audiences who have no context.

The rotation is: Trap □ Proof □ Trap □ Trap □ Door. The 'Door' posts are your ad content. They perform because the four preceding posts built belief, demonstrated value, and made the offer feel inevitable — not intrusive.

DAY 1 · TRAP

TEACH

Post a Trap video (one of the 5 Traps). Pure value. No CTA. This is your hook into the audience — curiosity and identification.

DAY 2 · PROOF

DEMONSTRATE

Post a Proof piece — a result, transformation, before/after, or case study. Shows the system working. Builds belief without selling.

DAY 3 · TRAP

TEACH

Second Trap post. Different trap, or deeper dive into the same one. Reinforces expertise and keeps the audience in learning mode.

DAY 4 · TRAP

TEACH

Third Trap post. Could be a counterintuitive take, a story-based lesson, or an ancestral wisdom frame. Warmth is now high.

DAY 5 · DOOR

AD / OFFER

This is your ad. Now you open the Door. The preceding 4 posts built enough trust that the offer lands as a natural next step — not a pitch. Use any script from Sections 04-05 for this post.

The Principle

You earn the right to make an offer by consistently delivering value. The ad performs better because the audience asked for it.

THE MASTER SCRIPT FORMULA

UNIVERSAL SCRIPT TEMPLATE

HOOK: [BOLD CLAIM / CALLOUT / QUESTION] that stops the scroll · STORY: [RELATABLE PROBLEM] + [AGITATION] + [YOUR CREDENTIAL/PROOF] + [TEASE OF SOLUTION] · OFFER: 'If you want [RESULT], [PRODUCT] gives you [MECHANISM]. [CTA + URL/Link in bio]'

"The scroll stops when the viewer sees themselves. The conversion happens when they believe the outcome is real."
