Every ad is an argument for why someone should spend money with you instead of doing literally anything else. These scripts are built for the MAAT brand voice — regal, direct, ancestral. Each is mapped to a platform, audience temperature, and product tier. Customize the bracketed variables before recording.

01 — The 5 Ad Frameworks

Learn these once — deploy them forever

Every script in this pack follows one of five conversion frameworks. Understanding the structure lets you write new scripts from scratch in minutes.

Framework 01 · THE TRAP REVEAL

Hook	Name the problem they are living in — before they have language for it
Agitate	Make the cost of the problem visceral and personal
Reframe	Offer the solution name and the new way of seeing
Bridge	Connect the solution to your specific product
CTA	Single, clear, low-friction action step
Best For	Cold audience · TikTok / Reels · 30–60 sec · Entry-level products

Framework 02 · THE IDENTITY MIRROR

Hook	Describe their best-self identity back to them
Conflict	What is stopping that identity from being their current reality?
Proof	Demonstrate the gap is closeable — with results or logic
Invitation	Invite them into the community / product / system
CTA	Make the next step feel like homecoming, not a purchase
Best For	Warm audience · YouTube pre-roll · 60–90 sec · Mid/high-ticket

Framework 03 · THE PROOF PIVOT

Open	Lead with a specific, surprising result or statistic
Context	The "before" — what was true before the result existed
Method	The system or product that produced the result
Availability	"This is available to you, right now, for [price]"
CTA	Direct, urgent, specific
Best For	Retargeting · Instagram Stories · 15–30 sec · All product tiers

Framework 04 · THE EDUCATION BRIDGE

Hook	Teach something genuinely useful in the first 3 seconds
Lesson	Deliver real value — name a concept, bust a myth, share a framework
Gap	"But here's what most people don't know about this..."
Bridge	The product fills the gap — positioned as the logical next step
CTA	Soft but specific — link in bio, free download, DM keyword
Best For	Cold audience · TikTok organic-to-paid · 45–90 sec · Lead magnets

Framework 05 · THE LEGACY CONTRAST

Open	Paint the inherited reality most people feel but cannot name
Contrast	The parallel life if one key truth were different
Activation	"You are the one who changes the trajectory — not your kids, you."
Product	"This is the first step in that direction"
CTA	Emotionally charged, identity-affirming call to action
Best For	Warm/hot audience · Long-form YouTube or email · Premium offers

02 — TikTok / Reels Scripts

15–60 second scripts for cold and warm traffic

Script 01 · The Scarcity Tax Reveal

TikTok · :30 sec · Entry-level offer · Cold traffic

HOOK (0–3s)	"You've been paying a tax that nobody told you existed."
VISUAL NOTE	[Close-up, direct to camera. Pause after hook. Cut to bold text: "THE SCARCITY TAX"]
BODY (3–22s)	"Every time you avoid a negotiation, skip the investment, or say I can't afford that — you pay it. Not to the government. To the system that was designed to keep generational wealth out of your hands. Our ancestors knew this trap. They built entire systems to escape it. We call it The Scarcity Tax — and you're paying it every single day."
CTA (22–30s)	"I built a free resource that breaks down the five traps keeping entrepreneurs broke — and the antidote for each. Link in bio. It's free. Your bloodline is worth it."

Script 02 · The Dopamine Loop Interruption

TikTok / Reels · :45 sec · Entry-level offer · Cold traffic

HOOK (0–3s)	"If you've been on this app for more than 20 minutes today — you're already in it."
BODY (3–35s)	"The algorithm isn't after your attention. It's after your ambition. Every scroll you take instead of working on your brand is a deposit into someone else's empire. The Dopamine Loop is one of five wealth traps keeping high-potential entrepreneurs busy instead of building. But here's what the framework teaches: the loop isn't a character flaw. It's a design feature of the system. And you can build your way out."
CTA (35–45s)	"The Brand Launch Bundle at [your site] gives you the tools to redirect that creative energy into a brand that generates income. [Price]. Use the next scroll for good. Link in my bio."

Script 03 · The Free Offer Bridge

TikTok / Reels · :20 sec · Lead magnet · Cold traffic

HOOK (0–3s)	"I'm giving away the exact blueprint I used to build a multi-brand business from scratch."
BODY + CTA (3–20s)	"It's called [Your Free Resource Name]. It maps the five wealth traps keeping entrepreneurs stuck — and the framework that unlocks each one. It's completely free. Go to [your site] and grab it. Or tap the link in my bio right now."

Script 04 · The Linear Income Ceiling

TikTok · :45 sec · Entry / mid-tier · Cold traffic

HOOK (0–3s)	"Your income has a ceiling — and you built it yourself."
BODY (3–35s)	"Trading hours for dollars is the default setting. It's not wrong — but it is limited. If you can only earn while you're working, then every vacation, every illness, every distraction costs you money. The framework is about building non-linear income: digital products, memberships, brand equity that works while you rest. This isn't a new concept — legacy families have built on this for generations."
CTA (35–45s)	"[Your product] at [your site] is your first digital product toolkit. [Price]. It's the first brick in a non-linear income floor. Link in bio."

Script 05 · The Design-Services Offer (Short)

TikTok · :30 sec · Done-for-you services · Warm traffic

HOOK (0–3s)	"What if you could skip 90 days of figuring out your brand and launch it this week?"
BODY (3–22s)	"[Your service name] is the design arm of [your brand] — and we build complete brand identities for entrepreneurs. Logo, colors, fonts, messaging, templates — everything. We don't do generic. We build brands that carry the weight of your story."
CTA (22–30s)	"If you're ready to look like the brand you were born to build — DM me the word [KEYWORD] or visit [your site/gallery] to see the work."

03 — YouTube Ad Scripts

30–120 second pre-roll and in-stream scripts

Script 06 · The Identity Mirror (YouTube Pre-Roll)

YouTube · 1:30 · Mid/high-ticket · Warm traffic

HOOK (0–5s)	"You already know you're meant to build something bigger than a paycheck."
CONFLICT (5–30s)	"You're not lazy. You're not lacking ideas. You don't need more motivation — you need a system. Because right now, everything you've tried to build has run into the same walls: no consistent income, no brand clarity, no structure that survives your absence."
PROOF + OFFER (30–80s)	"[Your brand] is a legacy brand incubator built specifically for [your target audience]. We don't do generic. We operate from a proven framework that has been producing sovereign families for generations — now mapped to the digital economy. The [membership/program name] gives you digital product creation tools, brand frameworks, business architecture, and a community of builders operating at the same frequency as your vision."
CTA (80–90s)	"Enter [The Lab / your program name] at [your site]. From [price]. Your bloodline is waiting on the decision you make in the next 30 seconds."

Script 07 · The Legacy Contrast (Long-Form)

YouTube · 2:00 · Premium offer · Warm / hot traffic

OPEN (0–20s)	"Imagine two families. Same neighborhood. Same generation. One passes down debt, hustle, and hope. The other passes down a brand, a business, and a blueprint. What's the difference? One family knew something the other didn't."
CONTRAST (20–60s)	"In 2015, neither family had money. Both were working hard. But one started building — a brand first, then a product, then a system. They stopped trading time for dollars and started building assets that compound. By 2023, one family was still starting over. The other had a legacy."
ACTIVATION (60–100s)	"[Your brand]'s complete brand and business system gives you the frameworks, community, and tools to be that second family. We're not selling motivation. We're selling infrastructure."
CTA (100–120s)	"You are not the last in your family to struggle. You are the first to build. Enter [your program] at [your site]. The legacy starts with your next decision."

Take the following ad script and create 3 variations that maintain the same structure and voice but test different: – Hooks (emotional, curiosity, controversy) – CTAs (free vs paid vs community vs DM keyword) – Proof points (data, personal story, social proof) ORIGINAL SCRIPT: [paste script here] Output as VARIATION A, VARIATION B, VARIATION C. Each should feel like a distinct creative angle, not a paraphrase of the original.

05 — Hook Formulas & Swipe File
