Designed for TikTok, Instagram Reels, and YouTube Shorts

THE 5 LAB POST TYPES

BUILD

Show the work in progress. Walk through what you're building, why you're building it, and what it will become. Build-in-public posts create massive trust and relatability.

REVEAL

Before-and-after format. Show a Lab member's transformation, a product that launched, or a result achieved. Proof creates belief. Belief drives conversion.

BEHIND

Behind the scenes of the Lab itself — the philosophy, the sessions, the culture. Behind posts humanize the brand and create emotional connection with the mission.

TEACH

Practical micro-lessons from inside the curriculum. One principle, one framework, one strategy — delivered in under 60 seconds. Authority without arrogance.

DOOR

The invitation. Always placed after 2-3 Teach, Build, or Reveal posts. Link to the Builder tier, a lead magnet, or the Dynasty Audit. Never lead with a Door.

LAB POSTING TIPS

- ◆ Post the BUILD series on Mondays — sets the tone for your week's content arc
- ◆ TEACH posts perform best on TikTok — 45–60 seconds, no music, direct to camera
- ◆ REVEAL posts need a story arc: context → struggle → result. Never lead with the win
- ◆ DOOR posts should always reference a specific result shown in a recent REVEAL post

TOPIC: WHAT THE LAB ACTUALLY IS

HOOK / OPENING LINE

This isn't a course. It's a construction site.

CAPTION / POST BODY

Most memberships sell you information. The MAAT Lab gives you a build environment — tools, templates, frameworks, and a community of builders actively constructing their legacy enterprises.

Inside the Lab, you're not a student. You're an architect.

■ Drop a ■ if you're building something right now.

◆ AI IMAGE PROMPT — MIDJOURNEY · DALL-E · ADOBE FIREFLY

An aerial view of an architect's drafting table — spread with blueprints, a laptop showing a digital product dashboard, scrolls, a compass and ruler, and sticky notes. Everything glowing softly under warm amber studio lighting. The desk is dark wood. Gold instruments. The feeling of serious, purposeful construction work.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

"The architect does not wait for permission to build. They begin with what is in their hands."

TOPIC: DAY 1 INSIDE THE LAB

HOOK / OPENING LINE

Here's what your first 24 hours inside the MAAT Lab look like.

CAPTION / POST BODY

Hour 1: Dynasty Audit reveals your family enterprise score.

Hour 3: Brand identity mapped — name, niche, tone, audience.

Hour 6: First digital product framework chosen.

Hour 24: Outline for your first offer, draft of your first post.

No overwhelm. No fluff. Just a clear sequence from zero to launched.

A clean, dark-mode digital dashboard interface glowing on a laptop screen. On the screen: a checklist with items being crossed off — Brand Audit, Product Idea, First Post Draft. Beside the laptop, a leather journal with handwritten notes. Warm amber desk lamp. Productive, focused, momentum-building energy.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

"The most powerful day in any enterprise is Day One — when intention becomes direction."

— Scrolls of MAAT

TOPIC: THE 3-PART DIGITAL PRODUCT FORMULA**HOOK / OPENING LINE**

**Every profitable digital product has
exactly three parts. Most people build only one.**

CAPTION / POST BODY

Part 1 — The Problem: Name a specific pain your audience feels and cannot escape alone.

Part 2 — The Framework: Your unique, named system for solving it (not just advice — a process).

Part 3 — The Proof: Evidence that the framework works — a story, a result, a case study.

That's it. Hook, system, proof. Inside the Lab, we build all three before

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

*"A problem without a framework is a complaint. A framework without proof is
a theory. Together, they are a product."*

— Scrolls of MAAT

TOPIC: BUILDING THE INSTANT BRAND GENERATOR**HOOK / OPENING LINE**

**120 AI prompts. One PDF. \$27. We
built this in 4 hours inside the Lab.**

CAPTION / POST BODY

The Instant Brand Generator AI Edition started as a single note: 'Builders need a prompt vault for branding their business with AI.'

Inside the Lab we documented the prompts we were already using, organized them by use case, designed a minimal cover, and uploaded to Gumroad.

That's a product. That's leverage. That's the Lab in action.

TOPIC: ENTER THE BUILDER TIER

HOOK / OPENING LINE

The MAAT Lab Builder tier is where legacy stops being a concept and starts being a system.

CAPTION / POST BODY

Inside the Builder tier, you get:

- The full product-building curriculum
- Live Lab sessions with active builders
- The Complete Brand Launch Bundle (\$79 value, included)
- AI Prompt Vault + Instant Brand Generator
- Case Alignment Labs for your specific business

"Access without action is wasted invitation. Enter the Lab ready to build."

— *Scrolls of MAAT*

TOPIC: THE FAMILY BUSINESS BLUEPRINT FRAMEWORK**HOOK / OPENING LINE**

**Most families have a business
inside them. Most never find the door in.**

CAPTION / POST BODY

The Family Business Blueprint starts with 4 questions:

1. What skill or knowledge lives in this family that others would pay for?
2. Who is the anchor — the one who holds the vision?
3. What is the smallest sellable version of that skill?
4. Who in the next generation will inherit and expand it?

TOPIC: BEFORE & AFTER: FROM IDEA TO PRODUCT**HOOK / OPENING LINE**

Seven days ago she had an idea. Today she has a product page and her first sale.

CAPTION / POST BODY

Before the Lab: A brilliant hair stylist with 12 years of experience, no digital product, no system, no way to scale beyond her chair.

After 7 days in the Lab: A 40-page PDF guide 'The Natural Hair Care Protocol,' a Gumroad page, and a TikTok post that drove her first \$81 in 48 hours.

The knowledge was always there. The Lab gave her the framework to package it.

Real, aspirational, relatable.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

"Your expertise did not become valuable the day you packaged it. It was always valuable. You simply made it transferable."

— Scrolls of MAAT

TOPIC: PRICING YOUR FIRST DIGITAL PRODUCT**HOOK / OPENING LINE**

If you priced your product under \$20 because you were afraid nobody would buy it — this is for you.

CAPTION / POST BODY

Underpricing is a confidence problem disguised as a strategy problem.

The Lab pricing framework:

- PDF guide / template: \$17–\$37
- Prompt vault / toolkit: \$27–\$47
- Mini course (5–7 modules): \$97–\$197

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

"You do not charge what the format is worth. You charge what the transformation is worth."

TOPIC: THE LAB SESSION STRUCTURE

HOOK / OPENING LINE

What actually happens in a MAAT Lab live session?

CAPTION / POST BODY

Every Lab session runs on the same sequence:

- DIAGNOSE — What are you building? Where are you stuck?
- BUILD — We work on your actual product, post, or system live
- ■ TEST — We review, critique, and strengthen the output
- ASSIGN — You leave with one specific task before next session

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

"The Lab is not a classroom. It is a forge. You enter with raw material and leave with something built."

— Scrolls of MAAT

TOPIC: THE DECISION IS YOURS

HOOK / OPENING LINE

You have been thinking about building
something for longer than you should have.

CAPTION / POST BODY

There is a version of you that has already built the thing. That version did not wait for the perfect moment. They entered the Lab, followed the sequence, shipped the product, and used the momentum.

The gap between where you are and where that version of you is — is a decision and a \$67 monthly investment.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

— Scrolls of MAAT

TOPIC: THE CONTENT VAULT SYSTEM

HOOK / OPENING LINE

You do not have a content problem. You have a system problem.

CAPTION / POST BODY

Inside the Lab, every builder maintains a Content Vault — a simple document with 5 columns:

- TRAP — What pain does your audience feel?
- PROOF — What results have you or others achieved?
- TEACH — What micro-lesson can you share today?
- BEHIND — What's happening in your build right now?

TOPIC: THE TIKTOK-TO-PRODUCT FUNNEL

HOOK / OPENING LINE

**TikTok is not a platform. It is a
conveyor belt — and you control where it leads.**

CAPTION / POST BODY

The MAAT Lab TikTok funnel in 4 steps:

- 1■■ Hook video (Trap post) → creates resonance, earns follows
- 2■■ Teach video → establishes authority, earns trust
- 3■■ Behind video → creates connection, earns investment
- 4■■ Door video → CTA to free lead magnet → email capture → product offer

TOPIC: LAB MEMBER MILESTONE: FIRST \$500**HOOK / OPENING LINE**

He told us he'd never sold anything online. 30 days later — \$517.

CAPTION / POST BODY

He came into the Lab with 23 years of IT experience, no digital product, and a lot of skepticism.

Week 1: Dynasty Audit. Identified his niche — small business IT setup for entrepreneurs.

Week 2: Built 'The Non-Techie Tech Setup Guide' — 28-page PDF, priced at \$37.

Week 3: 3 TikTok posts using the Lab rotation system.

— Scrolls of MAAT

TOPIC: 21 DAYS. THE LAB IS REAL.**HOOK / OPENING LINE**

**21 days of Lab content. The
question is no longer whether this works.**

CAPTION / POST BODY

Over the last 3 weeks you've seen how Lab members build products from scratch, price with confidence, structure TikTok funnels that actually convert, and reach their first \$500 in digital income.

The only variable left is whether you enter the Lab.

Builder tier: \$67/month. Includes full curriculum, live sessions, Complete Brand Launch Bundle, AI tools, and the MAAT Lab community.

TOPIC: BUILDING YOUR EMAIL LIST FROM ZERO**HOOK / OPENING LINE**

Zero followers. Zero email list. Here is the exact first step.

CAPTION / POST BODY

Step 1: Create one free thing that solves one specific problem for one specific person.

Step 2: Put it behind an email form (MailerLite or ConvertKit — both free to start).

Step 3: Post 3 TikTok videos this week that each end with: 'Link in bio — free guide.'

That's the system. It is not complicated. Most people skip Step 1 and try

TOPIC: THE LAB CURRICULUM MAP

HOOK / OPENING LINE

**28 chapters. One destination: a
fully functioning legacy enterprise.**

CAPTION / POST BODY

The MAAT Lab curriculum is built in 4 phases:

- Phase 1 — ROOTS: Identity, niche, audience, and family enterprise audit
- ■ Phase 2 — BUILD: Digital products, brand systems, and first offer
- Phase 3 — TRANSMIT: Content strategy, funnel architecture, and email marketing
- ■ Phase 4 — SOVEREIGN: Scale, systems, family business structuring, and

Each arch glows a different intensity — the first blazing bright, the last glowing faintly in the distance. A long stone path leads through all four. Sacred geometry marks each threshold. Epic and architectural.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

*"The curriculum is the map. The Lab is the terrain. The builder is the only
one who can walk the path."*

— *Scrolls of MAAT*

TOPIC: WHY THE LAB WAS BUILT

HOOK / OPENING LINE

**I built the Lab because I couldn't
find the room I needed to exist in.**

CAPTION / POST BODY

There was no space built for the entrepreneur who was also building a family. No framework for the person who wanted generational wealth and cultural identity and a digital business — simultaneously.

So we built it.

The MAAT Lab is the intersection of ancestral wisdom, modern entrepreneurship, and family enterprise architecture. It was built for people who were building something larger than themselves.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

*"We build the rooms we could not find. That is the highest service one
builder can offer another."*

— *Scrolls of MAAT*

TOPIC: THE CASE ALIGNMENT LAB METHOD

HOOK / OPENING LINE

**Generic business advice is costing
you months. Here is how we personalize it.**

CAPTION / POST BODY

The Case Alignment Lab is the MAAT Lab's core learning format:

Instead of watching a lesson about funnels, you bring YOUR funnel to the Lab.

Instead of learning about pricing in theory, you price YOUR product in the session.

Instead of studying copywriting, you write YOUR first sales page while we review it.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

TOPIC: LAB MILESTONE: FAMILY BUSINESS LAUNCHED

HOOK / OPENING LINE

**A mother and son. A landscaping business
with 20 years of knowledge. One Lab session.**

CAPTION / POST BODY

She had been running a landscaping business for 20 years — all knowledge in her head, all systems in her memory, nothing documented.

Her son joined her in the Lab. In 6 weeks:

- Business name and brand identity formalized
- 'Lawn Care Mastery Guide' — first digital product, \$47
- Service menu and pricing guide designed

TOPIC: ENTER. BUILD. LEAVE A DYNASTY.**HOOK / OPENING LINE**

21 days. The Lab is real. The question is whether you enter it.

CAPTION / POST BODY

You have seen the framework. You have seen the results. You have seen the curriculum, the sessions, the system, and the builders who came in with nothing but knowledge and left with a product, a funnel, and a legacy in progress.

The MAAT Lab Builder tier is \$67/month. It includes:
