6 CONTENT SYSTEMS INSIDE THE LAB

■ MUSIC VIDEOS

AI-ASSISTED FILM PRODUCTION

Turn your lyrics into a cinematic music video using Midjourney, Runway ML, and CapCut.
No director. No crew. No budget. Just prompts, frames, and your vision — fully realized.

■ LOGOS & BRAND IDENTITY

FROM PROMPT TO PROFESSIONAL MARK

Generate logo concepts in Midjourney, vectorize in Adobe Express, and build a complete logo system — full color, white knockout, black variant — in under 45 minutes.

■ CLOTHING MOCKUPS

LAUNCH A LINE WITHOUT A FACTORY

Design in Canva, upload to Printful, generate AI lifestyle photography in Midjourney.
Zero inventory. Zero production cost. Your brand on product — this week.

■ AI ADS

AGENCY-QUALITY CREATIVES IN MINUTES

Build scroll-stopping ad visuals with Midjourney and convert-ready copy with ChatGPT.
Format for TikTok, Instagram, YouTube, and Facebook — in one 2-hour session.

■■ PODCAST AVATARS

HOST YOUR SHOW WITHOUT SHOWING UP

Create your AI podcast host in Midjourney, animate with HeyGen or D-ID, and distribute your content as a video podcast across all platforms — camera-free.

■ BRANDED WEBSITES

BUILD YOUR HEADQUARTERS IN A WEEKEND

Use ChatGPT for structure and copy, Lovable or Framer for design, and Midjourney for visuals. A full branded website — no developer, no agency, no \$3,000 invoice.

ROTATION: BUILD · REVEAL · BEHIND · TEACH · DOOR — repeat across all 21 days

TOPIC: WHAT THE MAAT LAB ACTUALLY IS

HOOK / OPENING LINE

No agency budget. No camera crew. Just you and the right tools.

CAPTION / POST BODY

The MAAT Lab is the AI content creation engine inside Scrolls of MAAT. We teach creators, entrepreneurs, and family brands how to produce fire content with AI — music videos, logos, clothing mockups, AI ads, podcast avatars, and branded websites.

You don't need a \$10k production budget. You need the prompts, the workflows, and the production systems. That's exactly what lives inside the Lab.

A dark navy creative studio — multiple screens glowing with AI-generated content: a branded music video frame, a logo render, a clothing mockup, a podcast avatar. One creator sits at the center desk, surrounded by their work. The atmosphere is cinematic, focused, and elevated. Deep navy background, bright cyan and gold accent lighting. No camera crew, just tools and vision.

ANCESTRAL QUOTE / STANDALONE CARD OR CAPTION CLOSER

"The tools have changed. The power to create your own narrative has not. It was always yours."

TOPIC: AI MUSIC VIDEO CREATION — THE 4-STEP SYSTEM**HOOK / OPENING LINE**

**You can produce a music video with AI
in under 4 hours. Here's the exact system.**

CAPTION / POST BODY

Step 1 — LYRICS TO VISUALS: Feed your song lyrics into ChatGPT with the prompt: 'Generate 12 cinematic scene descriptions for a music video based on these lyrics. Each scene should have a visual mood, color palette, and focal element.'

Step 2 — IMAGE GENERATION: Run each scene description through Midjourney or DALL-E. Maintain visual consistency by locking your character seed.

TOPIC: BUILDING YOUR AI LOGO SYSTEM

HOOK / OPENING LINE

We built 6 logo concepts in 45 minutes. Here's the prompt formula we used.

CAPTION / POST BODY

The MAAT Lab Logo Prompt Formula:

'[Style] logo for [Brand Name], a [brand type] focused on [audience + mission]. Use [color palette]. Include [icon concept]. The feeling should be [tone: regal / minimal / bold / ancestral]. No text. Transparent background. Vector style.'

TOPIC: CLOTHING MOCKUPS WITH AI — NO INVENTORY NEEDED**HOOK / OPENING LINE**

You can launch a clothing line this week. Without a single physical product.

CAPTION / POST BODY

Here is the MAAT Lab clothing mockup workflow:

■ **DESIGN:** Use Canva or Adobe Express to create your graphic (your logo, a quote, sacred geometry pattern).

■ **MOCKUP:** Upload your design to Printful, Printify, or Gelato — they generate photorealistic product mockups automatically.

TOPIC: THE CONTENT BATCH SYSTEM — 30 POSTS IN ONE DAY**HOOK / OPENING LINE**

**Stop making content one post at a time.
Here's how to batch 30 in a single session.**

CAPTION / POST BODY

The MAAT Lab Content Batch System:

■■ SUNDAY MORNING — Strategy (1 hour): Choose your 5 content pillars for the month. Write 6 hooks per pillar = 30 hooks total.

■ SUNDAY AFTERNOON — AI Production (3 hours): Feed all 30 hooks to ChatGPT: 'Expand each hook into a 150-word TikTok caption with a CTA.' Generate matching visuals for each in Midjourney.

TOPIC: LAB MEMBER REVEAL: FULL MUSIC VIDEO DROP

HOOK / OPENING LINE

**He dropped his first AI music video
with zero budget. 47,000 views in 72 hours.**

CAPTION / POST BODY

He's an independent artist who had been sitting on his music for 2 years — no budget for a video director, no connections, no visual brand.

Inside the Lab:

TOPIC: AI LOGO REFINEMENT — FROM GENERATED TO PROFESSIONAL

HOOK / OPENING LINE

Midjourney gives you a concept. Here's how to turn it into a real logo system.

CAPTION / POST BODY

AI logos need one more step before they're brand-ready. The Lab refinement workflow:

1■■ GENERATE: Run your logo prompt in Midjourney. Upscale your top pick.

2■■ VECTORIZE: Upload to Adobe Express, Vectorizer.ai, or Canva — convert raster to vector (SVG). This makes it infinitely scalable.

TOPIC: WHY AI CONTENT CREATION IS A LEGACY SKILL

HOOK / OPENING LINE

Every major platform shift created a new class of wealthy creators. AI is the next one.

CAPTION / POST BODY

The creators who mastered YouTube in 2008 built empires. The ones who figured out Instagram in 2013 built brands. The TikTok early movers in 2019 built audiences of millions.

AI content creation is the current platform shift — except it is bigger, because it is not one platform. It is every platform, every content type, every creative skill — compressed into a system that an individual with the right prompts can execute at agency quality.
